
MUSIC OF THE 70S
A-Z OF ARTISTS
And Their Songs
www.musicofthe70s.co.uk

Before we get into the A-Z of 70s Music Artists I just want to mention that all the pictures in this eBook are clickable but they will not take you to a sales page or a product to buy. They will take you to info on my website about the artists themselves.

The only link is the one on the bottom of each page that will take you to a review page of the new Now offering which is Now 100 Hits 70s, this is being released June 12th 2020. You can then make your own mind up if it's something you'd like to own.

It has taken me months to type out all the content contained in the book I hope you enjoy it and I think it a good thing to keep as a reference when you need to know anything about 70s music. Enjoy

Okay let's get on with it, there were hundreds of different acts in the 1970's of course, people remember the big acts like Queen and David Bowie etc. But what about the other forgotten artists who had fantastic records in the charts.

In this A-Z of 70's music artists e-book I am going to put them in alphabetical order of course, but I am also going to list each of the hits that made the top 50 in the UK during the 70's.

So if any song you remember from this amazing musical decade is not included, it did not make the top 50 in the UK.

I will name the act, the year of the hit and the chart position reached in the UK.
